PROGRESS IS NOT MERELY MOTION;  
IT IS FORWARD MOTION

*To the Board of Directors of the Colored Orphanage of  
North Carolina:*

GENTLEMEN:

We have made another round in the ladder of progress of The Colored Orphanage of North Carolina. According to the information we have on hand, this is our sixty-third round. For the past four years, we have been trying to find an accurate history of the institution. The earliest that has been found is a report for 1902-03 by the late superintendent, Robert Shepard. In this report, it is stated that the Colored Orphan Association was organized in Henderson, North Carolina, in August, 1882, by representatives of the Shiloh and Wake Baptist Associations. Rev. Joshua Perry was elected superintendent and Rev. W. A. Patillo was made general agent. At this time, a committee was appointed to select a site for the institution. After many difficulties, in 1886, a farm of twenty-three acres, about 1½ miles from Oxford on Raleigh Road, was obtained at a cost of \$1565, one-half of the cost being paid upon possession of the land. As every available source of financial aid was exhausted in the effort to make the payment of the land, the next question was how shall the children be supported and who shall be responsible for paying workers to look after the children. The voluntary offer of a woman of her services, house and furniture, solved this problem for a while. After a few years of service, Rev. Perry resigned the position of superintendent and Miss Bessie Hockins carried on until Rev. Patillo began acting as superintendent and general agent, until 1890, when Rev. Robert Shepard began his term of service. During the period of Rev. Shepard's administration, 148 additional acres of land were purchased, dormitories, farm buildings, and a superintendent's dwelling were erected.

After Rev. Shepard's resignation, Hon. H. P. Cheatham, who had been a member of the Board of Directors for some time, became superintendent. During this time, brick buildings were erected, replacing the original frame structures. The State of North Carolina continued to make appropriations for the care of the children. Superintendent Cheatham died in November, 1936, and from that time until 1937 his son, Charles E. Cheatham, carried on.

In 1937, Superintendent T. K. Borders took over the helm and guided the work until his untimely death in October, 1940. C. A. Alston served as acting superintendent from July, 1940, until March 1, 1941, when the present superintendent began his duties.

In submitting this report, we are particularly grateful to:

The members of the Board of Directors of The Colored Orphanage of North Carolina;

His Excellency, the Governor of North Carolina, R. Gregg Cherry, the representatives from Granville County and other communities, and Mr. R. G. Deyton, Assistant Director of the Budget, and all others who had a part in increasing the State Appropriation from \$33,000 in 1944-45 to \$40,000 for 1945-46 and to \$35,000 for 1946-47;

Mr. George Ross Pou, State Auditor, and his office, especially Mr. Howell and Mr. Faison;

Dr. James E. Shepard, Most Worshipful Grand Master of the Prince Hall Grand Lodge of Free and Accepted Ancient Masons, State of North Carolina, and all the Lodges;

Mr. S. B. Simmons, Vocational Agriculture Teachers, and all the chapters and friends of the New Farmers of America;

Mr. L. E. Austin, President, North Carolina Interdenominational Usher's Association, its officers, members, and friends;

Dr. P. A. Bishop, President, State Baptist Convention, Executive Secretary C. E. Griffin, and the recently

appointed Executive Secretary, Rev. Thomas Kilgore, and the Moderators of the various Baptist Associations and all the members and friends;

The American Legion, the Ladies Auxiliary of the American Legion, and its many friends;

Dr. Ellen Winston, State Commissioner of Welfare, and County Welfare Officers;

Mr. W. M. Linker, State District Sanitary Inspector, Mr. B. T. Branch, County Sanitary Inspector;

Mr. R. M. Rothgeb, General Business Manager of the North Carolina Hospital Board of Control.

Mr. W. Z. Betts, Director of the North Carolina Division of Purchase and Contract;

Mr. C. G. Credle, Superintendent of Schools, the Board of Education, and the teachers of the Angier B. Duke School;

The entire personnel of The Colored Orphanage of North Carolina for their loyal support which has caused the progress of this year's work. There have been no serious sicknesses and no deaths. The health of the children has been protected through the fine service that has been given by our physician, Dr. W. N. Thomas, and the services that have been rendered at the Susie Cheatham Hospital for the few who were admitted to the hospital, and

The many individuals and other organizations that space will not permit us to list.

We have felt the effects of the war in several different ways. Sgt. J. Archibald Joyner led his comrades overseas to send to our Anniversary Loan Fund nearly \$200. We are grateful for his interest, and the names of all who helped him will be found in the Auditor's Report, under the Anniversary Loan Fund receipts. As far as we have been able to learn, there are 73 former students in the armed forces—54 in the army and 19 in the navy. We have learned of only one casualty. Cpl. Leonard Ramseur was killed in an automobile accident while stationed at Camp Roberts, California.

## IMPROVEMENTS

1. We have painted our kitchen and dining room and purchased new equipment, which has given us a higher rating with the State Board of Health. It has not reached perfection, but it is the best we can do at present.
2. We have improved the girl's building by adding new furniture and making improvements in the bathrooms, as well as painting and screening the entire building. New furniture was put in the girl's parlor. One suite was given by the Ladies Auxiliary of the American Legion, the other was bought with institutional funds.
3. The small boy's building has been improved by making changes in the bathrooms and painting of the building. We are now in the process of screening that building.

I am sure you have checked the Auditor's Report and you have seen how the money was spent and that we have a balance (institutional) of \$8,128.99. If you notice, we set out in our budget for 1944-45, to raise \$49,150. We raised \$57,785.58, or \$8,635.58 more than we had estimated.

At present we have thirteen \$1,000 War Bonds that have been given us by the New Farmers of America; one \$1,000 bond in 42-43; three \$1,000 bonds in 43-44; and eight \$1,000 bonds in 44-45.

In reference to our Anniversary Loan Fund, we have had two girls in college this year. We began on July 1, 1944, with \$134.75. Through our many friends, that fund increased to \$1,115.55. Of that amount, \$568.65 kept the two girls in college the entire year. As you notice in the auditor's report, this leaves a balance of \$586.90.

I feel that each one will agree with me that it has been an exceptionally good year.

As I have studied the situation here, I feel that we should begin to plan definitely for a trade school; that we should plan a full-time shoe shop; begin to buy equipment as early as we can to have a first class laundry and dry-cleaning plant—each of these will bring in revenue to the

institution and at the same time give the children practical training. And I also feel that we should begin to plan for other jobs such as plumbing, carpentry, and electrical trades, and, for the girls, a beauty culture school.

### FARM REPORT

There are approximately 350 acres of farm land, about 80 acres in woodland and about 100 acres in pasture—40 tons of lime were distributed over a good portion and 6 acres reseeded. As a result of good pasture, our cows have plenty grass during the spring, summer, and fall. We have one male cow and a number of heifers and calves. We keep an average milking of 15 cows per day out of our 18 and these produce from 40 to 50 gallons of milk per day. We keep around 30 to 40 hogs until killing time. Approximately 12,000 pounds of pork were killed this year.

We were successful in raising plenty of hay for all our livestock, 814 bushels of sweet potatoes, 365 bushels of wheat, and 1580 bushels of corn. Other crops grown include tomatoes, peas, beans, beets, carrots, collards, and other vegetables that go along with good gardening.

Our cash crop was tobacco and it netted us \$2,500.

In this diversified method of farming, the boys are given an opportunity to learn farming from the practical point of view.

MATT CHAVIS, *Farm Supervisor.*

### REPORT OF THE SUPERVISING MATRON

The Colored Orphanage of North Carolina, a home for underprivileged children, has made another great milestone—another twelve months of progress. We are continually grateful for the good health that prevails among the children as a whole. The most serious illness during the past year has been three cases of appendicitis. After operations, recovery was rapid and uneventful.

There have been no epidemics or contagious diseases of any kind. During the scourge of Infantile Paralysis which was so prevalent last year, the Board of Health and our regular physician gave specific instructions re-

garding preventive measures to be taken against it. These instructions were observed to the letter.

Growing children with good health require plenty of wholesome food. They are served three meals each day. Milk is served three times a day. Those who are underweight are given special attention in order to obtain normal weight.

The children attend school through the seventh grade at Angier B. Duke school on the campus. After finishing here they go to Mary Potter School in Oxford for the eighth grade and High School. The Orphanage bus provided transportation to and from school. Our boys and girls take an active part in the extra-curricular activities in High School. One of our girls won second prize in the Oratorical Contest during Commencement Week.

Every child enjoys playing games during recreation periods. The boys play baseball, football, basketball, and dodge ball. The girls play basketball, softball, croquet, and other games.

Work is looked upon as honorable and necessary to maintain physical comfort and a respectable living. They work in groups in the dining room and kitchen, laundry, sewing room, housekeeping, farming, gardening and dairying. They are encouraged to work flower and vegetable gardens. Many of them have their own small space in which they show a keen interest. Whenever a certain group excels in some special work or shows interest in their effort, they are rewarded in some way. Often a fishing party is arranged for boys who do well. The girls are rewarded with a trip to see a special movie.

All enjoy something apart from routine on special days. Christmas, Valentine, Easter, Fourth of July, and Halloween are occasions for joyful parties and barbecues, or joy rides for those who have not entered high school.

The spiritual well-being of the children is never neglected. A large number of them have joined the church. In each case, they have made their own choice without being influenced by another. Groups are taken to church as often as is convenient on the bus. At home, Sunday

School is held every Sunday morning, presided over by Mr. A. E. Cousins, of the staff of workers. One of the high school boys is secretary. One of the girls furnishes piano music for all programs. Each evening before bedtime, devotions are held in each of the dormitories. Wednesday evenings, all assemble in Chapel for weekly prayer service. Vesper service is held on Sunday afternoon. Song service on the lawn is a feature of late Sunday afternoons in the warmest summer months.

Living quarters consist of three dormitories: one for girls, one for older boys, and one for younger boys. The small boy's building has been renovated this year. The improvements are welcomed for their contribution to comfort and convenience.

The girl's building has accommodations for sixty girls their matrons, and the dietitian. The upper floor contains bed rooms and bath rooms. The lower floor contains girl's parlor, matron's rooms, matron's living room, sick room, and sewing room. Also, on the first floor are bathrooms, a large play room, and store rooms for clothing, bedding, and medicine. New chairs have been placed in all rooms.

The Shepard building is the home of the older boys, their matrons, and some of the men workers. The Cheatham building contains the dining room and kitchen. The dining room and kitchen have been painted and one pantry remodeled during the last twelve months. The chapel has a new door. The laundry is in a separate building where daily washing and ironing is done so that the children's clothing may be kept as clean as possible. Curtains, bedding, and table linen have to be done at regular intervals. This work is done by the girls under supervision of the matron in charge. The laundry is especially in need of new equipment, which cannot be purchased because of conditions brought on by the war. Efficiency is very much hampered by this lack of equipment.

In the sewing room, girls who show any aptitude for sewing are given a chance to develop skill and precision. We are very pleased to make the following report of what was made during the year:

18 Mattress Covers	20 Stove Pot Holders
54 Aprons	2 Pairs Window Curtains
46 Gowns	60 Towels
4 Chair Covers	20 Blouses
38 Sheets	19 Little Boys' Suits
49 Shirts	288 Overalls
107 Work Shirts	21 Pajama Suits
77 Slips	85 Dish Cloths
164 Pillow Cases	Mending

MRS. M. H. FRIERSON, *Supervising Matron.*

### SCHOOL REPORT

The Angier B. Duke School, which is a vital part of the Colored Orphanage, has had one of the most successful years in the history of its existence. Four hundred state approved books, nine state approved geography and history maps, and one state approved globe of the world were added to the library. In the majority of the 275 children, we were successful in developing a spirit of interest in reading and in self-government.

About one-half of these children are orphans. The others are children from the surrounding community. The teachers did a splendid job of studying the background of all children, their abilities and limitations, ambitions and ideals, in order to try to solve their many problems.

We were successful, with the help of the parents and Superintendent Hamme, in raising \$940 during the school term. The money was spent as follows:

War Fund -----	\$ 265.00
Red Cross -----	40.00
Community Center -----	100.00
Crippled Children -----	9.00
Tuberculosis Drive -----	8.00
School Administration -----	25.00
Library Books—Supplies, Maps, Globe	398.50
Left in Treasury -----	94.50
<hr/>	
Total -----	\$ 940.00

We could not appreciate joys if we did not have sorrows. A great sorrow came to us this year in the loss of one of our best teachers, Mrs. Elizabeth G. Cousins, who passed to her reward early this fall. Her life was an intelligent, rich, religious one. Her self-sacrificial devotion to the institution and the school will live forever in the hearts of every one who knew her.

We have the following student activities:

A Literary Club whose purpose is to open to the students pleasurable avenues for self-expression; and to develop in the mind and body those finer instincts and emotions that make for good citizenship.

The Athletic Club is composed of all students. Its aim is good health and good sportsmanship.

War time presents greater problems and constant changes in our living, necessitated by governmental limitations. Our Good Health Club gives special attention to nutrition, proper diets, and recreation. Special emphasis is placed on making the best of what you have for better health.

This year, all students participated in the government of the school. The purpose was to develop a spirit of cooperation in the activities of the school; to develop the students through self-expression, self-control, and leadership; to encourage initiative; and to create a feeling of responsibility on the part of every student in the matters of the general welfare of the school.

Our Glee Club was an asset to the school. Miss C. T. Green, our pianist, and Mrs. B. G. Williamson, our directress, caused the whole community to listen to its glee club with pride.

We are working hard to standardize our school. We have gone a long way toward that aim this year. We hope that, with the help of Superintendent Hamme and our cooperative parents, we will be able to announce in our 1945-46 report, the standardization of our school.

MRS. L. G. SMITH, *Principal.*

## AUDITOR'S REPORT

HON. GEORGE ROSS POU,  
State Auditor,  
Raleigh, N. C.  
SIR:—

Pursuant to your instructions, we have made an examination of the financial records of the

COLORED ORPHANAGE OF NORTH CAROLINA  
OXFORD, NORTH CAROLINA

for the year ending June 30, 1945, and submit herewith our report:

Exhibit "A," attached hereto, is a statement of the Capital Assets at June 30, 1945.

The valuations placed on the Capital Assets were an estimate arrived at by inspecting the policies of insurance coverage and other data and information obtained from the Superintendent and members of the Executive Committee of the Board. These valuations are subject to future appraisal and changes that the Board may deem advisable to make.

The principal additions to the Capital Assets during the year under review are reflected in the purchase and exchange of live-stock; farming implements and machinery, furniture, fixtures and equipment.

Operations within the Maintenance Fund are shown on Exhibits "B" and "C," together with supporting schedules, attached hereto. There remained in this Fund at June 30, 1945, a cash balance of \$8,178.99, which includes the imprest cash fund of \$50.00.

Revenue for the year exceeded the budget estimate by \$8,635.58. Included in this amount is \$1,980.50 received from F. W. Hancock, Jr., representing the purchase price of 23.3 acres of real estate.

The disbursements for the year amounted to \$49,691.40.

Maintenance Cost for the year under review amounted to \$46,370.26, as compared with \$42,433.52, for the preceding year. The average enrollment for the year was 134.5, as compared with 144, for the preceding year and the Per Capita Cost was \$344.76, as compared with \$294.67, for the preceding year.

Current outstanding obligations at June 30, 1945, amounted to \$854.51.

Exhibit "E," attached hereto, is a statement of Trust Funds, which we believe, to be self-explanatory.

Operations within the Anniversary Loan Fund are shown on

Schedule 3, attached hereto. There remained in this Fund at June 30, 1945, an unexpended balance of \$586.90. This Fund was created during the year 1943-44. Revenue accruing to this Fund consists of contributions from various individuals. The purpose of this Fund is to aid worthy high school graduates of the Institution in defraying college expenses. The advances made from this Fund for this purpose are repayable at the pleasure of the parties to whom advances have been made.

#### GENERAL

Our audit consisted primarily of an examination of the cash receipt and disbursement records. We verified deposits made with the Union National Bank as reported to the Budget Officer, Mr. Harris, disclosing no irregularities. All disbursements were evidenced by properly executed checks, on which the endorsements appeared in order. We reconciled the cash balance at June 30, 1945, with the two banks and found same in agreement with the records of the Institution. The Imprest Cash Fund of \$50.00 was properly accounted for. We examined by inspection and count the thirteen \$1,000.00, Maturity Value U. S. Savings Bonds comprising the assets of the New Farmers of America Trust Fund. During the course of our examination, we inspected numerous invoices, pay rolls and other data supporting disbursements, all of which appeared to be proper institutional charges.

No inventories of food and supplies, at June 30, 1945, were taken, as we assumed there would be little difference in the beginning and ending inventories.

Due to lack of clerical help, the Institution was unable to keep an accurate account of farm operations, therefore, we were unable to include operations of the farm in this report.

During the year under review, the New Farmers of America donated to the Institution, eight \$1,000.00 Maturity Value, U. S. Savings Bonds, Series F, issued as of first day of December, 1944, due twelve years from date. The description and present value of these bonds is reflected on Exhibit "E," attached hereto.

We acknowledge with appreciation, the cooperation extended us by the personnel of the Institution during the course of our examination.

Respectfully submitted,

*Bureau of Institutional and Departmental Auditing.*

By A. H. HOWELL.

Approved:

M. L. WIDENHOUSE, C. P. A.

July 10, 1945.
